

# JOB OPPORTUNITY

Job Opportunity Bulletin: 03-083 & 03-084  
Final Filing Date: February 25, 2004

Position:	Salary:	Location:
District Structural Engineer FREEZE EXEMPTION APPROVED	\$5,862 – \$7,125	Facilities Development Division Los Angeles

## General Statement:

Under general direction of the Regional Compliance Officer, and within an assigned geographical region, the District Structural Engineer reviews plans (drawings), specifications, calculations, and other supporting documents required for the construction of health care facilities and monitors difficult and complex field structural engineering work. Recruiting to fill two positions in Los Angeles.

## Duties:

- Conduct field evaluations and observations of construction projects for compliance with statutes and regulations. Review post approval documents.
- Perform structural reviews of plans, specifications, calculations and other supporting documents for the construction of health care facilities to ensure compliance with California Building Code (Part 2, Title 24, California Code of Regulations). Includes over-the-counter structural reviews as directed.
- Consult with and advise design professionals, OSHPD staff, inspectors, public officials, enforcement officers and others with reference to structural engineering requirements and problems.
- Checks soil and foundation conditions. Supervises load tests to determine load carrying capacity of foundations, checks specifications for buildings.

## Desirable Qualifications:

- Knowledge and understanding of sound structural design and construction principles and techniques including retrofit of existing structures.
- Ability to handle stressful or sensitive issues with tact and diplomacy.
- Knowledge and understanding of Federal, State and local requirements governing construction of health facilities in California including Title 24, California Code of Regulations.
- Ability to direct, review and evaluate the work of others.
- Clean driving record. *An official driving history from the California Department of Motor Vehicles may be requested prior to appointment.*
- Knowledge and experience in interpreting requirements governing design and construction of health care facilities in California.
- Ability to handle code enforcement issues with architects, engineers, and health care facility owners.

## Who May Apply:

Applications will be accepted from candidates currently eligible for lateral transfer or list appointment to this class. Applicants with list appointment should attach a copy of their notice of test results. Appointments are subject to SROA and State surplus policies. Only the most qualified candidates will be interviewed.
